Export convector range

BASIC D

Uncompromising quality and
comfort

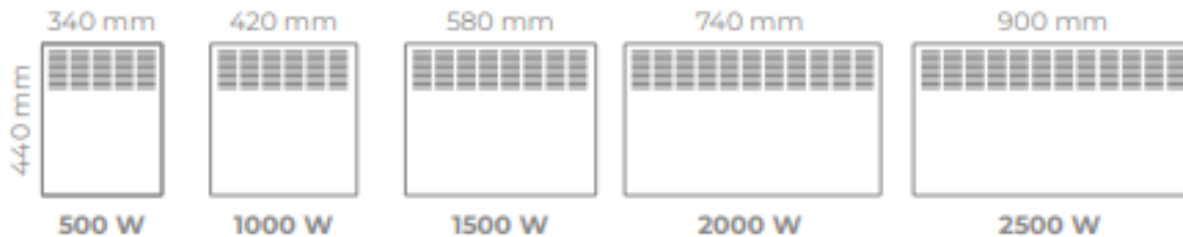

BASIC D Stationary or mobile convector with advanced energy saving functions

ADVANTAGES

- BASIC D is available in 5 power ratings from 500 to 2500 W and is ultra compact.
- The front air outlet improves the distribution of heat into the room.
- Electronic controls with 3 preset programmes and open window detection.
- Quality French design and manufacturing

FEATURES

Thickness: 104 mm

SAVINGS

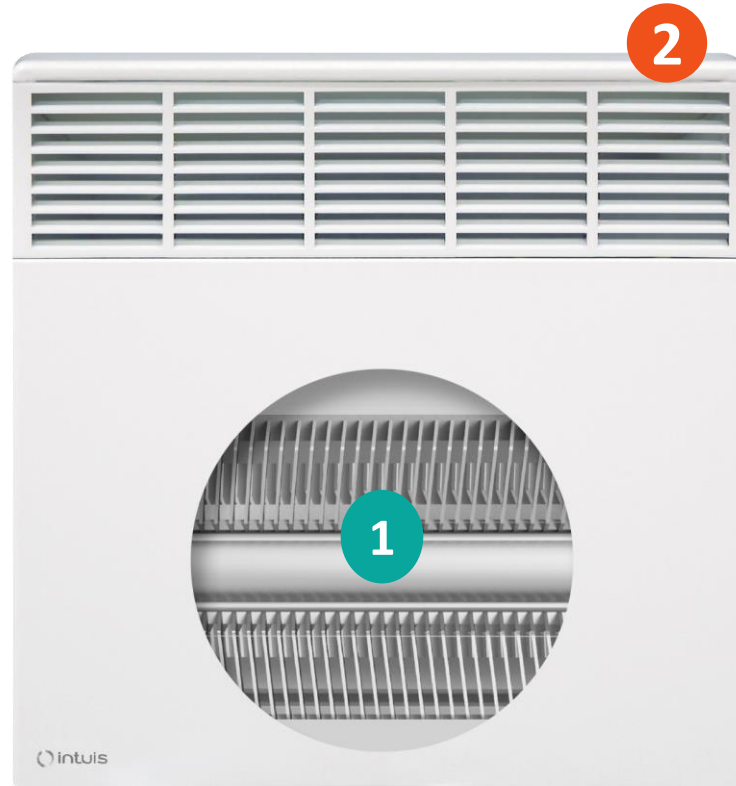

- Precise electronic room temperature control
- Open window detection
- Control locking
- Temperature calibration
- Integrated daily and weekly programming: 3 pre-set programmes
- On/off

Product description

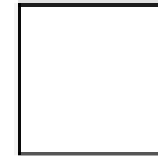

The one-piece aluminium heating element transmits heat silently with efficiency and speed.

2

Electronic controls

Smooth White
satin soft to the
touch and easy to
clean.

Products data

Reference number	Product Name	Power (W)	EAN13	Dimension W x H x D (mm)	Weight (kg)	Color	Position
E137111	BASIC D 500W	500	3465700051009	340 x 440 x 104	2,7	White	Horizontal
E137113	BASIC D 1000W	1000	3465700051016	420 x 440 x 104	3,3	White	Horizontal

E137118	BASIC D 2500W	2500	3465700051047	900 x 440 x 110	7	White	Horizontal
A691600	CASTORS-ROULETTES - 20 PAIRS		3335016916005	310 x 280 x 530	7,9	White	

Depth: when wall-mounted, including self-gauging H bracket 1.5 m power cord with European plug

Packaging: **100% cardboard** for easy recycling on worksites

TACTIC

The simple, efficient convector
with precise controls

TACTIC Finned air-outlet convector

ADVANTAGES

- TACTIC is available in 5 power ratings from 500 to 2500 W and is ultra compact.
- The front air outlet is fitted with stylish slats to improve the diffusion of heat into the room
- Programmable electronic regulation
- Quality French design and manufacturing

FEATURES

Thickness: 104 mm

SAVINGS

- Precise electronic room temperature control
- Open window detection
- Control locking
- Temperature calibration
- Integrated daily and weekly programming: 3 preset programmes
- On/off switch

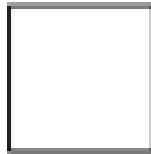

Technical aspect

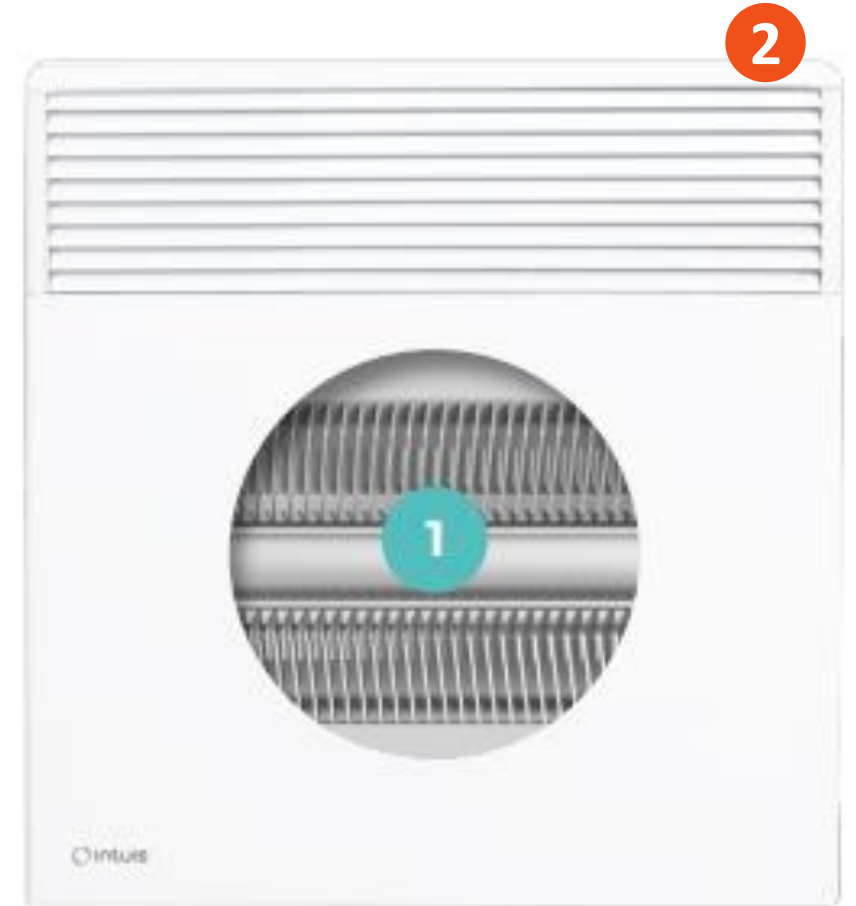

The **one-piece** aluminium heating element transmits heat silently with efficiency and speed.

TACTIC WIFI

Wifi-enabled for better comfort
and savings

TACTIC WIFI Wifi enable convector with finned air-outlet

ADVANTAGES

- Smart mode allows you to manage your comfort and energy savings remotely and centrally from your smartphone or tablet.
- The front air outlet is fitted with stylish slats to improve the diffusion of heat into the room.

FEATURES

Thickness: 104 mm

SAVINGS

LOCAL FUNCTIONS:

- Precise room temperature adjustment
- Heating mode selector: comfort, economy, absent, Standby
- Control locking
- On/off switch

SMART FEATURES:

- Remote and centralised controls via smartphone or tablet
- Room-by-room organisation
- On/Off temperature control
- Time programming: daily and weekly heating settings.
- Temporary override

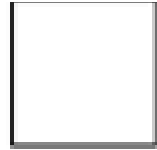

Technical aspect

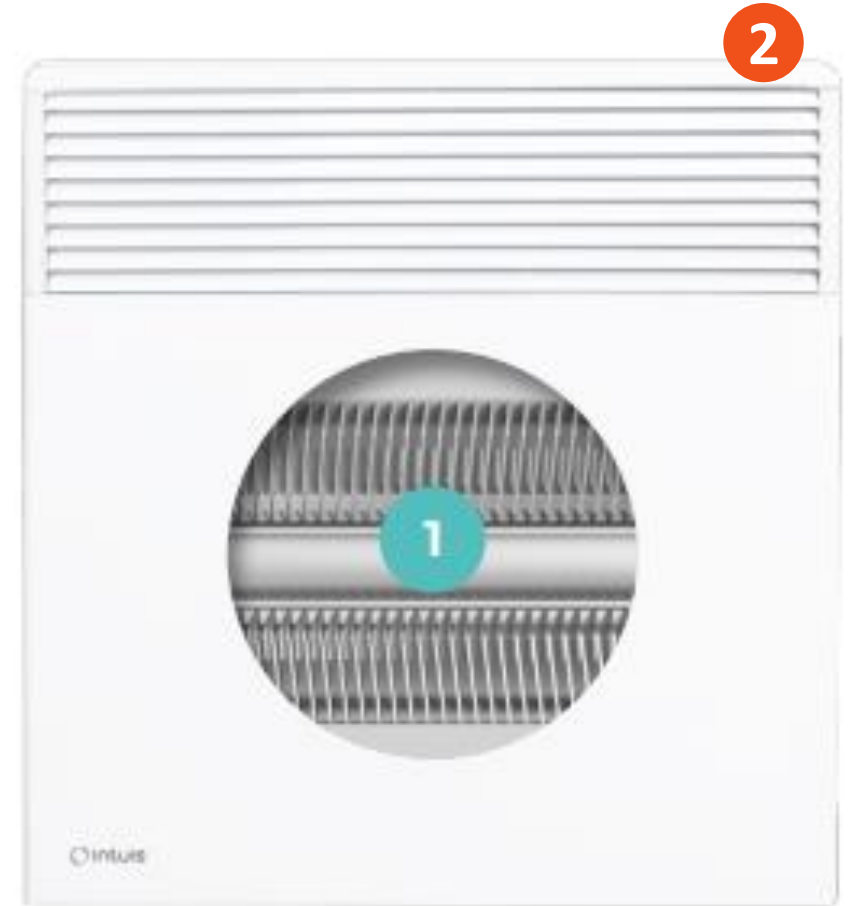

The one-piece aluminium heating element transmits heat silently with efficiency and speed.

Export Radiators Range

RADIAL

Electric radiant panel
The instant feeling of warmth.

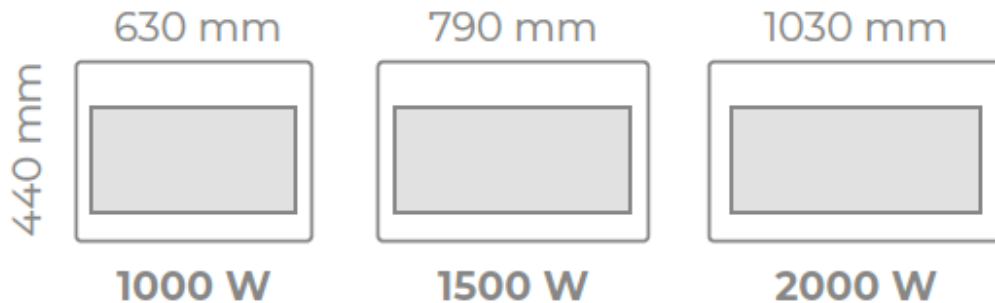

RADIAL Electric radiant panel

ADVANTAGES

- The curved design optimises heat radiation.
- The single-unit, multi-ribbed aluminium heating element has different surface treatments on the front and rear to direct the heat more effectively towards the front.
- New user-friendly, ergonomic backlit LCD control

FEATURES

Thickness: 113 mm

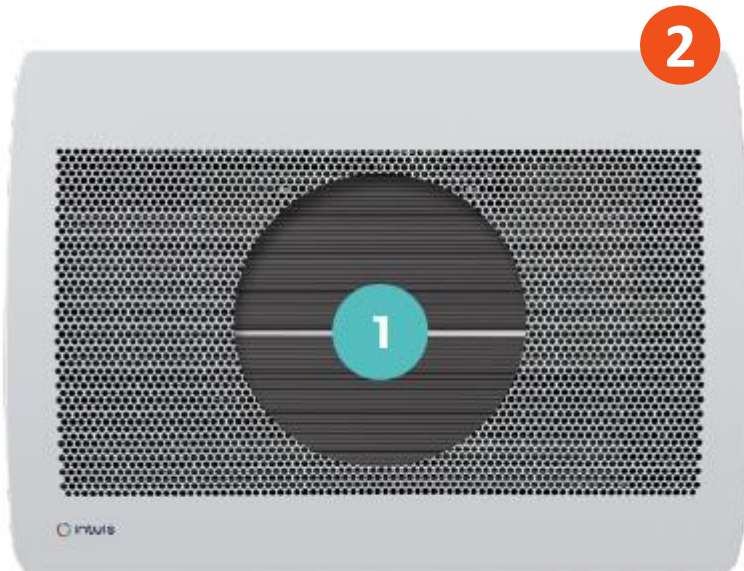

SAVINGS

- Backlit LCD display
- Accuracy to a 10th of a degree.
- Behavioural indicator
- Open window detection
- Property manager functions:
 - quick locking
 - pin code locking
 - range setting
- Hotel function:
 - settings lock and range setting
- Temperature calibration
- Daily and weekly programming:
 - 3 preset programmes
 - 3 flexible programmes
- 6-hour power back-up to avoid having to reset the time in the event of a power

Caster kit for mobile use

Technical aspect

1

The single-unit, multi-ribbed aluminium heating element has different surface treatments on the front and rear to direct the heat more effectively towards the front.

2

New user interface with backlit LCD display

PRESTANCE

Soft heat radiator with smooth surface

PRESTANCE

Soft heat radiator with smooth surface

ADVANTAGES

- The flat surface of this radiator emits a pleasant, gentle heat that is evenly distributed throughout the room.
- New electronic control system with LCD display and optimised energy-saving functions.
 - 3 pre-set programmes and 3 free programmes.
- Property manager functions: PIN code control lock and set temperature.

FEATURES

Thickness: 110 mm

SAVINGS

- Backlit LCD display
- Accurate to a 10th of a degree.
- Behavioural indicator.
- Open window detection.
- Property manager functions:
 - quick locking
 - pin code locking
 - range setting
- Hotel function:
 - settings lock and range setting
- Temperature calibration
- Daily and weekly programming:
 - 3 pre-set programmes
 - 3 flexible programmes
- 6-hour power back-up to avoid having to reset the time in the event of a power cut

Caster kit for mobile use

Technical aspect

1 Ultra-precise digital electronic control

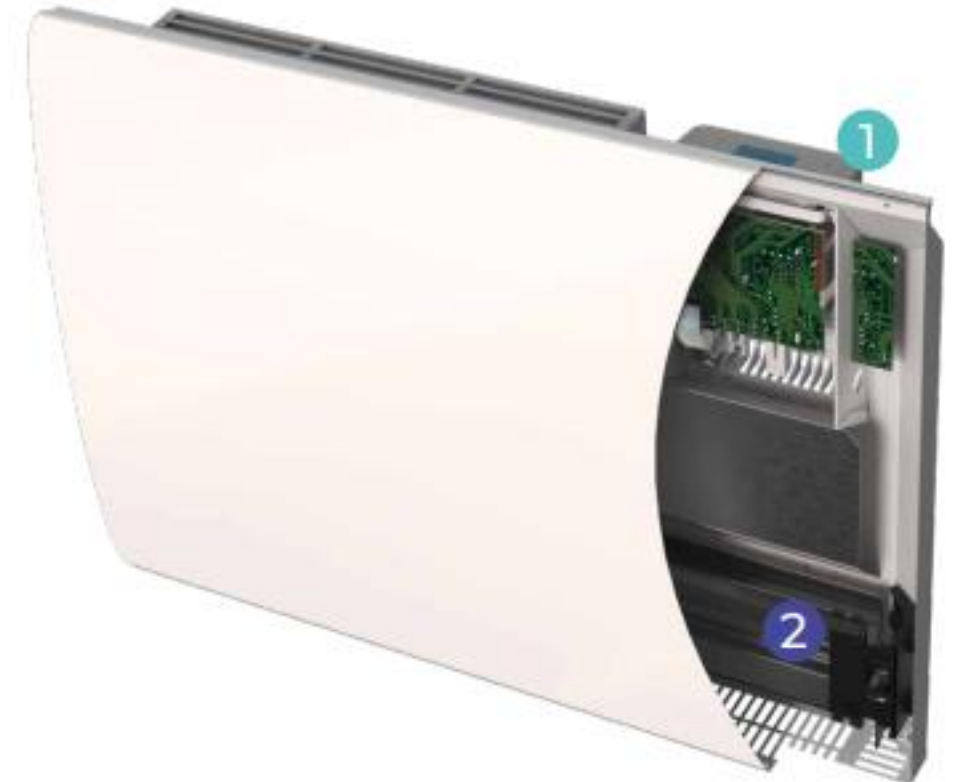

Accurately controls the operation of the heating element to guarantee the desired level of comfort.

New user interface with backlit LCD display

2 Heating element

The single-unit aluminium heating element prioritises sending heat to the front to ensure rapid distribution and even radiation. The smooth surface provides gentle heat throughout the room.

Products data

GLASSANCE

Radiators that are both technological and chic

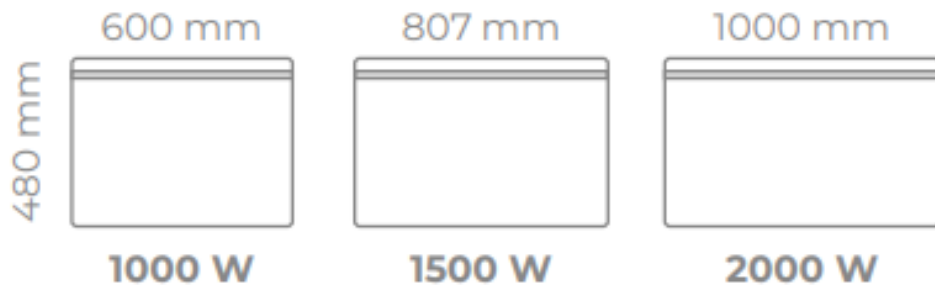

GLASSANCE Radiant glass panel heater

ADVANTAGES

- Glassance has a stylish front panel consisting of 6 mm thick inertial tempered glass, combined with a screen-printed heating film that provides permanent radiation.
- The heating system also features a single-unit aluminium heating element at the back to ensure a rapid increase in temperature.
- New electronic control panel with:
 - Backlit LCD display
 - 3 preset programmes and 3 flexible programmes.
- Property manager functions: pin code, control mode and set temperature.

FEATURES

Thickness: 95 mm

SAVINGS

- Backlit LCD display
- Accurate to a 10th of a degree.
- Behavioural indicator.
- Open window detection.
- Property manager functions:
 - quick locking
 - pin code locking
 - range setting
- Hotel function:
 - settings lock and range setting
- Temperature calibration
- Daily and weekly programming:
 - 3 pre-set programmes
 - 3 flexible programmes
- Six-command control cable; model without plug only.
- 6-hour power back-up to avoid having to reset the time in the event of a power cut

Technical aspect

- 1 **A 6 mm thick tempered glass decorative facade** with a screen-printed heating film that radiates 20% of its power from the front panel.
- 2 **A single-unit aluminium reactive emitter** provides the remaining 80% of the power for rapid temperature increases and to maintain utmost comfort in winter.
